Spring 2015  
Volume XXXV – No. 2

## Notes and Observations from Library Director, Greg Needham

In this spring 2015 edition of the Bookmark, I would like to highlight just a few of the improvements and enhancements being implemented at your library!

Thanks to support from the City of Greenville, the Carver Library's carpet is being replaced during the month of June, which will be a terrific improvement enjoyed by all. We do anticipate approximately five days of closure of the branch while this work is being completed.

The City of Greenville has also replaced the flat roof at the East Branch Library. We appreciate everyone's understanding while this work was being completed, as there was some disruption due to the noise level as well as restrictions on parking for a time.

The City of Greenville and Pitt County are helping to repair the Main Library's exterior and it will soon once again look its best. We do not expect any interruption in service or inconvenience due to the work on the Main Library, which is also scheduled to begin in June.

The Main Library's new computer lab is being utilized frequently. The Literacy Volunteers of Pitt County have partnered with Sheppard Memorial Library and are now offering free computer classes in the lab. These classes teach a variety of computer skills.

In an effort to improve the technology throughout the library, the remainder of the public computers at the Main Library will be replaced. Replacing the old computers will be made possible by a federal Library Services and Technology Act grant. The Friends of the Sheppard Memorial Library will provide matching funds. Thank you once again to all of the wonderful Friends of the Sheppard Memorial Library for making a difference for our library and community.

Our library staff is working constantly to grow and improve the collection, including traditional paper books, eBooks, eMagazines, and audiobooks. For example, we have added more than 4,000 downloadable audiobooks to our OneClickDigital Library.

The Children's Library staff continues to expand reading-centered programming. They are now averaging 100 participants per week in our toddler storytime programs! Catalog improvements continue to be implemented and we will soon have Accelerated Reader information incorporated into the kids catalog.

We look forward to sharing an exciting summer with you, and wish you all a summer of happy reading and enjoyment!
